MATTERS TO US, TOO

---

*Eco-consciousness*

From decking made of 95% **recycled materials** to planting a tree with each piece of furniture ordered, Trex® prides itself on **being green**. In fact, we're one of the largest **recyclers of plastic** bags, films and wraps in North America.

*Life al fresco*

**Shade** and **storage** exactly where you need it. Handsome, hardy **furniture** enjoyed year after year. Keeping you outdoors is an endeavor we do not take lightly.

*Smart design*

This means a **hidden fastener** system that produces a smooth, screw-free finish. And ambient **lighting** that adds form and function to overlooked nooks. Our design team fusses over the tiniest **details** so you don't have to.
